WHEN YOU ARRIVE

☐ Check the day's programme and scheduled events
☐ Complete any necessary reservations or virtual-queue registrations
☐ Choose your first area instead of moving immediately between several Lands

BUILD YOUR ROUTE

☐ Place fixed-time events and Character encounters first
☐ Group attractions and experiences by area
☐ Avoid crossing the Park simply to save a few minutes of waiting time
☐ Choose your cavalcade viewing area early enough
☐ Take a proper break before fatigue builds up
☐ Adapt the second half of the day to your energy levels

FOR THE EVENING

☐ Keep some energy in reserve for the end of the day
☐ Plan Frontierland at dusk only if its nighttime atmosphere is a priority
☐ Gradually make your way back towards Central Plaza and Main Street
☐ Enjoy the nighttime decorations while naturally moving towards the exit

THE 3-PRIORITY RULE

1. Fixed-time events first. Cavalcades, Character encounters and reservations structure your day.
2. One area at a time. Group attractions, decorations and Characters to reduce back-and-forth journeys.
3. Keep an energy reserve. Plan the day so you can still enjoy the Park in the evening.
